Giving orphans a face, a family and a future

A Face, a Family and a Future

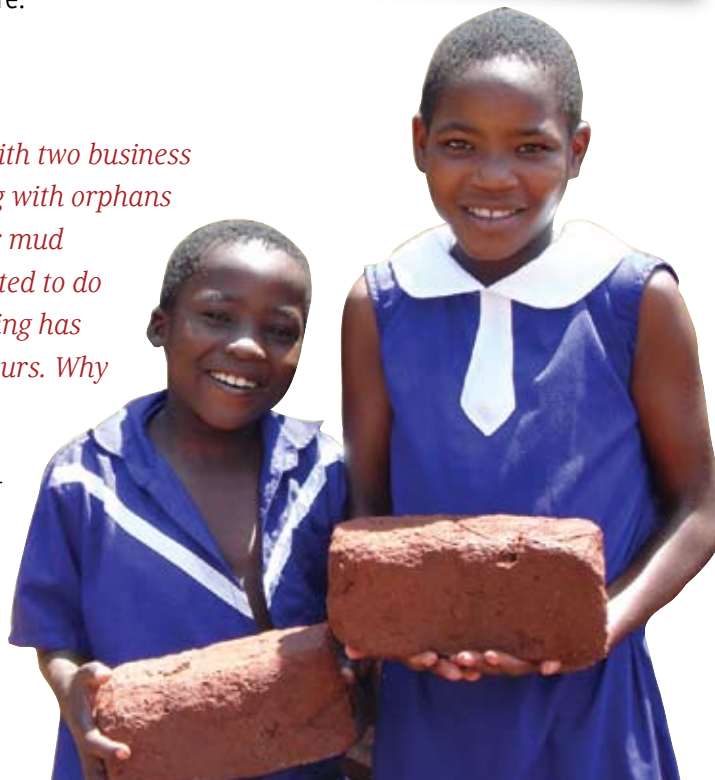

ORPHANS KNOW MORE is a relationally based partnership between African families we know personally who are caring for orphans and vulnerable children. There are over two million children in Uganda that have lost one or both parent because of AIDS. Some of them have lost parents because of the civil war in the northern region of the country.

We strongly believe that the best structure for a child to grow up in is a family. Being in a family dispels the stigma of being an orphan. Your gifts will help us work together to strengthen families to give these children a face, a family and a future.

"Four years ago I went with two business friends to Uganda. Sitting with orphans and widows outside their mud huts, we decided we wanted to do something to help ... Giving has changed their lives and ours. Why not let it change yours?"

John Peachey,
Orphans Know More Co-Founder
